

Service Bulletin

no. 047-2020
made on: 28.04.2020

Dear customers,

we would like to inform you about two solutions of charging terminals for charging for EHRLE CarWash Key. You will find both variants/novelties below:

Variant 1: Charging terminal POS MIFARE for Ehrle CarWash Key

Article number: 601153
Price: € 1258,00

For the charging terminal you don't need any further tools like a laptop. To initialize the keys you have to hold close the display. The terminal is also suitable for external operators. Your turnover can be evaluated very easily. Receipt printing is also possible. More detailed information can be found in the enclosed short instructions (Attachment: Charging terminal and the programming instructions PAXS80).

Important note: In case of vibrations and battery replacement, the charging terminal have to be send for our factory test.

In short, this means for you:

- | | |
|-----------------------------|---------------------------------------|
| - Mobility: | Using without IT (laptop or computer) |
| - Receipt printing: | Receipt printing possible |
| - Controlling: | Monitoring of revaluations |
| - Option: | Payment by credit card |
| - Susceptibility to faults: | Not resistant to vibrations |
| - Factory test: | Necessary when changing batteries |

Info on RMA processing: In the future, you can choose between a used POS MIFARE charging terminal at a price of € 169.80 (not discountable) or the new USB 2.0 MIFARE charging terminal for your RMA requests.

We ask you to check your existing RMA requests again and give us a feedback which terminal you will choose.

Version 2: USB 2.0 MIFARE charging terminal for Ehrle CarWash Key

Article number: 601250
Price: € 565,50

This charging terminal always requires a computer to initialize the keys. The software is installed, then the keys can be initialized. Turnovers can't be evaluated here. With this terminal, an optimal susceptibility to malfunctions is guaranteed. For more detailed information, please refer to the enclosed brief instructions (attachment: Charging terminal RFT02).

In short, this means for you:

- | | |
|-----------------------------|--|
| - Mobility: | IT is necessary (laptop or computer) |
| - Receipt printing: | Receipt printing not possible |
| - Controlling: | No monitoring of revaluations possible |
| - Option: | Payment by credit card and contactless payment |
| - Susceptibility to faults: | Vibration resistant |
| - Factory test: | Not applicable |

If you have any questions, please do not hesitate to contact us.
